

**LETTER OF INTENT****Collaboration between the University of Brighton (UoB)****And****Canadian Institute for International Studies (CIIS)****in Automotive Engineering**

As a result of the discussions and visits by representatives from the University of Brighton to CIIS, it is agreed, in principle, to develop a detailed MoU with costings etc for collaboration in the development and delivery of the following programs:

1. Foundation Year in Engineering
2. Articulation onto the B. Engg and MSc (Automotive Engineering) at UoB for Georgian MET-AM Diplomates at CIIS.

The proposed MoU will be based on the attached note, which summarizes the outcome of the discussions during the visit of Dr Koshal, Principal Lecturer, School of Engineering, from UoB to CIIS in September 2006.

The process of developing the collaborative programme including the MoU will be monitored by Mr Gurdeepak Singh, Assistant Institute Director and VP- International Partnerships for and on behalf of CIIS and Joe Victor, Chief Adviser, TIETAC and Consultant for and on behalf of UoB.

The proposed MoU, when developed, will be subject to agreements between the Management of CIIS and the relevant Authorities at the University of Brighton.
